### Professional Summary

Full Stack Developer with experience in **React**, **Node.js**, **PostgreSQL**, and **MongoDB**, focused on creating web applications. I have participated in bootcamp projects and developed personal projects. My education in **Software Engineering** and **Electrical Engineering** enhances my ability to solve complex problems in a structured way. I have experience in front-end and back-end development, building RESTful APIs, and using technologies such as **Vite** and **Prisma ORM**.

### Development Projects

#### Cultural Event Management Platform

Bootcamp - Instituto Atlântico Avanti | 2024

- Front-end development using Vite, React, and Tailwind CSS.
- Created a RESTful API using Node.js, Express, PostgreSQL, and Prisma ORM with features for event registration, editing, and deletion.
- Implemented a PostgreSQL database.

#### BikeUrban - Bicycle Sales Platform

Personal Project (In Development) | 2024

- Developed a platform using React.js on the front-end and Node.js with Express on the back-end, integrated with MongoDB for data storage and management.

## Professional Experience

Electrical Engineering Intern | Augusto Azevedo Engenharia | 2024

- Developed industrial electrical installation projects, including diagrams and technical equipment specifications. Skilled in CAD tools.

Property Maintenance Intern | Grendene | 2015

- Assisted in the management of industrial infrastructure maintenance, focusing on inspection, preventive maintenance, and supervision of technical teams.

## Education

Software Engineering

Unopar | 2024 - Present

Electrical Engineering

Universidade Federal do Ceará - Campus Sobral | 2016 - Present

## Technical Skills

- Programming Languages: JavaScript, Python, C#
- Frameworks and Libraries: React.js, Vue.js, Node.js, Express
- Tools: Git, GitHub, VS Code
- Databases: PostgreSQL, MongoDB
- Other Competencies: Agile Methodologies (Scrum), UX/UI Design, Prisma ORM, Vite

## Languages

- Portuguese: Native
- Spanish: B2
- English: B2
